

Dear Clients and Counterparties,

Please be aware that AYERS Alliance Financial Group Limited is experiencing issues with the execution of internal and external transactions, arising out of the highly unusual delay in the settlement of obligations by third parties towards the Company.

In order to protect Clients' interests and safeguard Clients' assets, it has been decided that the Company will **not** be accepting any deposits from existing Clients and will **not** be onboarding any new Clients starting from the **13<sup>th</sup> of March 2023**. All Clients' accounts will be inactive until further notice and all withdrawal requests will be processed to the best ability of the Company.

We should like to inform you that our team is making every effort to stabilize the situation and ensure that the Company is acting in the best interest of our esteemed Clients. Hence, we would like to emphasize that the priority of the Company, at this stage, is to find an amicable resolution with related counterparties.

The Company is in open and transparent contact with the Regulator, the Cyprus Securities and Exchange Commission ('CySEC'), which is well aware of the issues the Company is facing.

We are committed to acting with integrity at all times and strive to protect the interests of our Clients. As such, our contingency planning includes prudent pre-emptive steps designed to decrease any negative impact on our business and Clients.

We apologize for the inconvenience caused and we will inform you as the situation develops.

We appreciate your continued confidence and patience.

Yours sincerely,

**AYERS Alliance Financial Group Limited**
